

Socket SoMo 650

The Socket SoMo 650 is a durable handheld device that makes working in the field easy. The SoMo is small and light enough to fit in a holster or in your pocket. This high performance mobile computer runs a Windows Mobile operating system, allowing your inspection software to run smoothly. Entering data and collecting signatures are extremely easy to do using the exceptional handwriting recognition feature. The SoMo includes Wi/Fi and Bluetooth and is also very customizable.
